We are now accepting applications for the 2020 Sustainability Leadership Program. This program is designed to provide fertile ground for emerging leaders in the community that are passionate about sustainability. Participants will learn how to implement innovative solutions to achieve social, economic and ecological wellbeing while developing strong professional relationships with local change-makers.

Today more than ever, society needs committed and creative leaders to promote a world in which economic development can be attained for the benefit of all while conserving the planet's natural capital and improving people's living conditions. Our mission is to develop leaders who will address our present challenges and opportunities so that future generations can enjoy better options than those available today.

The Sustainability Leadership Program will teach you how to:

• Connect your strengths with the needs of the world.
• Learn and practice emerging leadership skills and knowledge.
• Implement innovative solutions to achieve social, economic, and ecological wellbeing.
• Develop deep and professional relationships with local change-makers.

Session Topics Include:

LEADERSHIP - Developing the skills necessary to create effective solutions.
ENVIRONMENTAL - Leaving less of an impact and preserving natural resources.
SOCIAL - Building positive relationships for a more equitable and inclusive world.
ECONOMIC - Having a positive impact on the economic environment.
