

Sustainability Leadership Program, February-August 2023

We are accepting applications for the 2023 Sustainability Leadership Program.

This virtual and in-person training program is AVAILABLE to participants across Colorado.

During this 7-month program you will learn how to implement innovative solutions to achieve social, economic and ecological wellbeing while developing strong professional relationships with local change-makers.

Leadership development is present throughout this program with a focus on networking, collaboration, and compassion. We combine these skills with a broader understanding of sustainability so that individuals will become change makers for businesses, non- profits, and governments to tackle the larger challenges of sustainability.

Developing the Next Generation of Sustainability Leaders

Through this program you will learn powerful new strategies for enacting sustainability leadership that positions sustainability as a driver of organizational engagement, innovation, and change-capability.

The Sustainability Leadership Program will teach you how to:

- **Evaluate what has and has not been working** with efforts to take sustainability into the core of your organization
- Learn a powerful new framework for **increasing your sustainability leadership impact**
- **Position sustainability** as a driver for innovation and effectiveness
- Unleash human potential through **purpose-driven engagement**
- **Create pathways for good ideas** to come from anywhere and to take root
- Advance your ability to **make the sustainability business case**
- Leverage positive social dynamics and social learning to drive **idea flow and organizational learning**
- **Deepen engagement** of the entire leadership system within your organization
- **Engage in meaningful thought partnership** on shared problems and opportunities

Session Topics Include:

LEADERSHIP - Developing the skills necessary to create effective solutions.
ENVIRONMENTAL - Leaving less of an impact and preserving natural resources.
SOCIAL - Building positive relationships for a more equitable and inclusive world.
ECONOMIC - Having a positive impact on the economic environment.
