About Us

The Sustainable Living Association (SLA) is dedicated to educating people and communities to make healthy sustainable choices. Since 2000, SLA has moved our community toward a more sustainable future in many tangible ways. Through our outreach, programs, events, and strategic community partnerships; SLA has become known as the cutting-edge resource of the sustainability movement in Northern Colorado.

Our Impact

- 25 years of leadership in advancing sustainability and climate action across Northern Colorado.
- Engaged over 150,000 community members through hands-on programs, workshops, and events promoting sustainable living.
- Mobilized more than 1200 youth in climate education, leadership development, and action projects.
- Hosted Colorado's longest-running Earth Day Celebration, connecting thousands annually to resources, solutions, and community action.
- Launched the Youth Climate Action and Leadership programs, empowering the next generation with tools to lead on climate solutions.
- Built partnerships with organizations, businesses, and schools to strengthen community-wide sustainability efforts.
- Recognized as a trusted resource for environmental education and advocacy, bridging the gap between science, community, and action.

70% of people aged 16-25 are extremely worried or very worried about the climate.

Board, Brendle Group

Rebecca Lampl
Board, Youth Rep.

About our Youth Summit

Making an Impact

The Youth Climate Action Series is a signature initiative designed to guide and inspire young people to engage deeply with climate science, develop actionable sustainability practices, and drive equitable climate solutions.

Designed to inspire and educate, this series provides youth with the knowledge, tools, and skills they need to address environmental challenges and take meaningful action in their communities.

Youth Climate Summit 2026

A comprehensive summit providing youth with climate leadership training, career exploration in sustainable industries, and networking opportunities with educators and companies committed to sustainability.

Program Highlights

Act on It – Develop climate action plans to implement at school, at home or in the community

Talk About It – Engaging with climate scientists and professors on the issue of climate change.

Learn About It – Featuring career opportunities in the environmental and sustainability fields.

Elevating the voices of our youth.

Opportunity

We are seeking sustainably-minded partners to support our Youth Climate Summit event. By teaming up with SLA you will be demonstrating your commitment to sustainability and youth empowerment while gaining significant exposure to a dedicated and engaged environmentally conscious audience.

9%

Only 9% of young people are very confident the world will act quickly enough to address climate change.

– United Nations Study

Why Partner with Us?

Impactful Engagement: Your support will directly contribute to the education and empowerment of young climate advocates, fostering a generation equipped to tackle climate change.

Brand Visibility: Showcase your commitment to sustainability and corporate social responsibility to a diverse, engaged audience through prominent logo placement and acknowledgment across event materials and promotions.

Community Building: Strengthen your connection with the community by supporting events that promote local environmental action and youth leadership.
